

Independent Education

Find out more about our work in independent schools and colleges nationwide

Girls Day School Trust

LOCATION: Nationwide

WORKS UNDERTAKEN: Fixed Wire Testing and Portable Appliance Testing

SCOPE OF WORK: We initially began working for the Girls' Day School Trust in 2007, who have since selected Elecheck to increase the scope of works. We deliver compliance services to seven of their schools, from Sheffield, Croydon and Shrewsbury to their Head Office in London. After successfully delivering a high quality service to these sites, The Girls' Day School Trust have requested the provision of further works for many of their other prestigious schools.

Cognita Schools

LOCATION: Nationwide

WORKS UNDERTAKEN: Fixed Wire Testing, Portable Appliance Testing, Lightning Protection and Electrical Remedial Works

SCOPE OF WORK: Elecheck has been delivering a wide range of services to Cognita School for over 5 years. Since then we have covered the compliance requirements of 10 schools spread across the UK, as well as their Head Office in Milton Keynes. A single account manager guarantees each site receives consistently high service standards, wherever they are located.

Colfe's School

LOCATION: London

WORKS UNDERTAKEN: Portable Appliance Testing

SCOPE OF WORK: From the leisure centre to the library and nursery facilities, Elecheck have delivered an efficient programme of electrical testing and inspection to appliances at this top London school. Catering for 1,000 students, our locally-based engineers were able to undertake testing during school holiday periods in order to minimise disruption to staff and students and keep costs down.

St. Christopher School

LOCATION: Letchworth Garden City

WORKS UNDERTAKEN: Fixed Wire Testing and Portable Appliance Testing

SCOPE OF WORK: St Christopher School, a co-educational, day and boarding school with over 500 pupils, have chosen to use our services since 2006. Based on a single site, the school is split into four areas where we have tested and inspected the all areas from the IT building to the science block and gym. We also plan and deliver Fixed Wire Testing to the school's indoor swimming pool and theatre which, by being open to the public, have recommended testing intervals of a single year.

Rugby School

LOCATION: Coventry

WORKS UNDERTAKEN: Portable Appliance Testing

SCOPE OF WORK: Elecheck has had the opportunity to provide Rugby School with compliance services since 2007, cover 26 of their buildings across the large school site in the Midlands. These included their Gym, IT department, Theatre, Student Accommodation, Kitchens, Design Centre and even the Museum, encompassing over 5,700 items. By ensuring that testing is efficiently planned, our Enhanced Disclosure DBS checked engineers carried out testing at a time that suited the school.
