

Social Care

Find out more about our work with Nursing and Care Homes

Bupa Care Services UK

NUMBER OF HOMES: 298 Nationwide

WORKS UNDERTAKEN: Portable Appliance Testing

SCOPE OF WORK: Bupa Care Services UK are a large provider of residential care and nursing services specialising in Dementia and Palliative Care. To ensure that residents in all of Bupa's 298 homes do not experience disruption by our inspections, our dedicated planning team work with each home individually. We offer flexible 24/7 appointments and carefully plan works around the routine of the home, allowing staff and residents to get on with their day without interruption.

Sanctuary Care

NUMBER OF HOMES: 81 Nationwide

WORKS UNDERTAKEN: Portable Appliance Testing, Fixed Wire Testing, Electrical Remedial Works, Lightning Protection, Emergency Lighting Testing & Maintenance

SCOPE OF WORK: Elecheck has provided Sanctuary Group with specialist services since 1995, visiting care homes stretching from the Southern Coast to Newcastle. For many years a dedicated account manager has maintained this long standing relationship and coordinated a high quality service to every home that always meets Sanctuary's unique requirements.

European Care Group

NUMBER OF HOMES: 130 Nationwide

WORKS UNDERTAKEN: Portable Appliance Testing

SCOPE OF WORK: European Care Group are a one of Europe's largest care providers, delivering services to 3,800 people in 130 homes throughout the UK. As the group specialise in working with vulnerable individuals including children we only use DBS checked engineers, as stipulated by Care Quality Commission regulations. What's more, our engineers always arrive on site in full uniform carrying photographic identification for our clients' peace of mind.

Caring Homes Group

NUMBER OF HOMES: 65+ Nationwide

WORKS UNDERTAKEN: Fixed Wire Testing, Electrical Remedial Works

SCOPE OF WORK: Caring Homes Group caters to over 3,000 residents in over 65 homes and since 2008 has worked with Elecheck to keep their portfolio of homes compliant and safe for residents. To guarantee that every home is in line with electrical safety regulations, we carry out Electrical Remedial Works to rectify any faults found during inspections. By working with a single specialist on inspections and remedial works, Caring Homes can enjoy guaranteed compliance at a significantly reduced cost.

Age UK

NUMBER OF STORES: 450+ Nationwide

WORKS UNDERTAKEN: Portable Appliance Testing, Fixed Wire Testing, Electrical Remedial Works

SCOPE OF WORK: Age UK are a charity that specialises in services for older people such as residential care, advice and even funeral plans. Their operations are funded by Britain's largest network of charity stores with over 450 located in towns and cities throughout. To deliver a consistent service to every one of these stores, we use a nationwide network of over 100 engineers coordinated by an experienced team of planners and contract managers.
